Clothes are for keeping people warm or serving as protection from the strong burning sun. Certain items of clothing can be expensive, especially if it is made by a well-known brand or is a particular design. While clothing is affordable for most people, the price usually depends on the quality of the material used to make the item and its brand name. In most countries clothing is taxed, while food is not. This is probably because clothing can be considered as a luxury item, especially if it is of very good quality.
